Stress Free Clearance & Declutter Service

Looking for a 'House Clearance' or a 'Declutter' service?

Should you be moving abroad, moving locally, have had a recent bereavement in the family or are simply wishing to declutter your house contact Hamiltons Removals for a quotation.

We are registered Waste Carriers licenced by the Environmental Agency and have public liability insurance for up to £10m in place. We recycle and salvage as much as possible along with donations to various charities. If you wish for certain items at the property to be donated to family members or friends we can arrange for this to be included within our quotation. Waste Transfer Notices are issued as and when required in line with our Waste Transfer Licence.

We are able to carry out video surveys or a site visit in person and will provide you with a clear written quotation.
