Classic & Vintage Car Transportation

At Hamiltons we understand the need to offer an efficient and cost-effective service whilst maintaining a personal touch. We can manage your car or vehicle move to almost anywhere in the world.

If you need a vehicle moved, perhaps your prized classic car, then we have specialist vehicles and equipment to take care of this along with low angled ramps to cater for cars where bumper clearance is required to ensure the safe loading of the vehicle.

We can also organise for any other large or unusual items such as motorbikes, tractors, caravans or machinery to be transferred safely and without fuss to your new location.

Single Car Transportation

Hamiltons Removals offer a reliable single car transport service, ensuring that your car arrives securely, discreetly and without the risk of damage. Our trailers are fitted with low profile ramps to ensure ground clearance on loading your vehicle.

Covered Car Transportation

Offering the security and certainty that comes with the benefit of having over 30 years of experience, Hamiltons Removals have various purpose built custom covered car transporters protecting vehicles from any damage on their journey.

Classic & Vintage Car Transportation

Hamiltons Removals offers Classic or Vintage car transportation in the United Kingdom, Europe and overseas. Our fully covered classic car transportation service guarantees safe and secure delivery of your valued vehicle.
